Mississippi Nurses Foundation Community Grants Application

Purpose

The purpose of the Mississippi Nurses Foundation Community Grants is to support Mississippi nurses (RN or higher degree); Mississippi Schools of Nursing; or other entities in their efforts to work with community programs or projects that contribute to the health and welfare of Mississippi residents. Grant recipients are encouraged to participate in community-based projects that can impact a positive change in a current health issue.

Application Deadline and Award

The Mississippi Nurses Foundation will award Community Grants up to \$5,000. Submission of application will not guarantee funding. **Application deadline is June 30, 2022.**

Eligibility Criteria

1. Leverage resources with other community organizations, healthcare providers and/or other 501c3 agencies. All applications must include a minimum of 3 letters of support from additional partners.
2. Funds may not be earmarked to complete academic work.
3. Funds may not be designated for capital projects.
4. Funds may not be used for influencing legislation or to lobby government officials.
5. Priority will be given for projects that support the MNA/MNF mission.
6. Project must be complete by May 31, 2023. Summary of work must be presented by June 30, 2023 to acrawford@msnurses.org.

List of examples are not limited to or subject to the following:

- Evidence-Based Interventions to address: HIV/AIDS early detection and prevention; obesity early detection and prevention; Breast Cancer early detection and screening; Pre-natal care; Immunization knowledge; drug & alcohol addiction.
- Technical support and/or resources to support expansion of Allied Health programs and schools of nursing programs that encourage practice in rural areas
- Technical support and/or resources to support Continuing Education opportunities for nurses, healthcare providers, and/or community partners in the areas of mental health & wellness; human trafficking; domestic violence; child abuse/neglect prevention; and other similar areas.
